Subject: Participation in "Innovate with GoIStats" hackathon -reg.

आदरणीय महोदया/महोदय,

As you are aware, the National Statistics Office (NSO) of the Ministry of Statistics and Programme Implementation (MoSPI) releases essential macroeconomic indicators, including Gross Domestic Product (GDP) and Consumer Price Index (CPI). The NSO also conducts large-scale sample surveys across the country, exploring various socio-economic aspects, and publishes the survey results in the form of detailed reports and micro-data, all of which are accessible on the MoSPI website.

To promote awareness of the data generated by the NSO and to encourage students and researchers to leverage this data for innovative, data-driven insights beneficial for policymaking, MoSPI, in collaboration with MyGov, is organizing a Hackathon titled "Innovate with GoIStats." This event will take place from 25 February to 31 March 2025, under the theme "Data Driven Insights for Viksit Bharat." Eligibility to participate is extended to UG, PG students, and researchers. Participants will analyze official statistics available on the MoSPI website and create impactful data visualizations for submission. A total of 30 winners will be chosen, with prizes of up to Rs. 2 lakh awarded by evaluators from industry and academia. The registration link can be found at https://innovateindia.mygov.in/goistats. A poster, prepared by MoSPI with the necessary details, is attached to this communication.

Higher Education Institutions are encouraged to disseminate the information about the "Innovate with GoIStats" hackathon to their students and researchers to foster active participation.

सादर,

भवदीय,

(मनिष जोशी)
